

“Better Quality at A Lower Price”

## Platinum Energy Reduction Pledge

Window Depot USA pledges a savings of at least 40% of the fuel used for the cooling/heating of this property referenced below. The pledge starts at the installation date and continues for a total of 12 months. This pledge is contingent on and limited to the following conditions and provisions:

1. The Pledge is valid only when ALL windows have been replaced with Window Depot USA windows that contain Low-E Glass and Argon/Krypton Blend Gas.
2. The heating/cooling system must be properly maintained.
3. This Pledge applies only to single family detached and duplex homes. Multi-family dwellings are excluded from this pledge.
4. Any cost for operating any utilities included in the fuel bill will be properly adjusted.
5. Unusual or unseasonable weather conditions will be properly adjusted.
6. All doors must be properly sealed and weather tight.
7. The maximum reimbursement of this Pledge is \$500.00 or the difference between the preceding years fuel consumption and the previous years fuel consumption times the fuel rate at the time of installation, whichever is lower.
8. To qualify for reimbursement on this Pledge written supporting evidence must be filed to Window Depot USA within 30 days from the first year anniversary of installation.
